

STUDY TOUR:- BSNL, BERHAMPUR

A study tour was organized for the students of Electronics and Telecommunication Engineering to BSNL, Berhampur, on 10th April 2026. The visit aimed to provide practical exposure to modern telecommunication systems and infrastructure.

The session was guided by Shri Arabinda Mishra, JTO (Transmission), and Shri Abhishek Das, JTO (NIB), who shared their valuable knowledge and insights into the functioning of BSNL networks, including transmission systems and broadband services.

A total of 30 students participated in the study tour, accompanied by Head of Department Prof. Sunil Kumar Dash along with 2 faculty members. The students showed keen interest and actively engaged during the session, making the visit informative and enriching.

Overall, the study tour proved to be highly beneficial in bridging the gap between theoretical learning and practical implementation in the field of telecommunications.
