

PROJECT EXHIBITION - 2026

The Electrical Science Students Association (ESSA) Club of Vignan Institute of Technology & Management (VITAM) organized a Project Exhibition on 12th September 2026.

A total of **9 teams** from different branches of the institute participated in the exhibition. The participating students enthusiastically presented their **working projects and innovative ideas**, demonstrating their technical knowledge, creativity, teamwork, and practical skills.

The exhibition provided an excellent platform for students to showcase their technical abilities and gain valuable experience in project development and presentation. The event was conducted successfully with active participation and great enthusiasm from the students.
